

folium

Folium Vineyard is 8ha vineyard located in the Brancott Valley in the Marlborough Region on New Zealand's South Island. The climate in Marlborough is perfectly suited to growing premium Sauvignon Blanc, Chardonnay, and Pinot Noir.

Folium Vineyard believes that winemaking starts in the vineyard. Detailed care in the vineyard starts with pruning in the winter, followed by canopy management, such as shoot and bunch thinning, and leaf plucking during the summer, all the way to hand harvesting at optimum ripeness in the autumn.

folium vineyard Reserve Pinot Noir 2023

General information

Grape Variety : Pinot Noir

Region : Marlborough, Southern Valley

Vineyard Information

Vine Age : Planted in 1996

Soil Type : Block of Mixture of Clay and Silt Soil at the top layer (60cm), on top of Silty soil including shingles and larger stones.

Vineyard Management : Certified Organic

Clonal Selection : Dijon Clone, 114, 115, 667, 777

Vine Spacing : 4,166 vines/ ha

Irrigation : Dry Farming

Harvest Method : Hand Harvest

Harvest Date : 15st of March 2023

Analysis at Harvest : 21.7 Brix, pH3.09, TA 8.02g/l

Yield : 34hl/ha
